2012 6

2013 4

Sheriff's department is currently recruiting for a variety of positions. They are hiring for sworn and non-sworn positions.

B. Code Enforcement

Terrance Wiggins, is staying in the area, contact information 951-776-3248, twiggins@rcflma.org. He will check into the sober living facility on Washington which is ½ block away an elementary school.

Signage is an ongoing battle and appears to be an issue again.

Asking Code Enforcement to check again on the easements across the 10 foot driveway access along Oak Park Drive which may be need to be enforced by building and safety.

C. Fire Department

Conditions are getting warmer. The Jurupa fire was fueled by dry vegetation, wind and downed power lines.

There are numerous vacant unimproved properties and notices will be sent out.

Murl asked about earthquake preparedness classes.

D. California Highway Patrol

The dept. is continuing to work on the traffic issues on Krameria.

4.5 David H. Garcia P.E. Senior Civil Engineer NPDES

Watershed Protection Division

Riverside had the Great Flood of 1945

The flood district is broken into 7 districts. Two natural flood areas are Cajalco Creek and Mockingbird Canyon.

Problem is when property is developed there is a need to reduce and mitigate the flow of water.

Flood control has several programs: one is “Only Rain Down the Storm Drain”.

Low Impact Development, Water Conservation Road affiliation Demonstration Testing Facility which has Bio-retention, Porous Asphalt, Monitoring Station, Porous Concrete, Permeable Pavers System,

Mockingbird Wash flood area, sediment accumulates at Mockingbird Reservoir. There was sufficient damage and repairs to district levies system at Mockingbird Canyon Road after storm. Need to prevent residents from converting driveways crossing which disturb the flow of the Mockingbird Canyon Wash. The driveways that are created do not allow for sufficient water passage under and they get washed out with the flow of water.

Need to acquisition the flood plain area because the property owners have right of way. A culvert 36” pipe is not wide enough to handle the flood waters.

Need to maintain a certain grade which will slow down the flow of water.

5. Public Comments

1. None

6. Report from Supervisor Jeffries Office

1. Kristen asked in two weeks on March 28th there would be a public meeting to discuss the private road. Email: KHuyck@rebos.org; phone: (951) 955-1018.

8.0 Woodcrest MAC Member Comments.

1. Gary asked about the care and maintenance along Van Buren.

2. Murl thanked Kristen for her support.
3. Geoffrey mentioned that the American Civil Liberties had closed down the fruit stand at the corner of Van Buren Blvd. and Washington.

9.0 Meeting was adjourned at 8:30 p.m.

- a. Next meeting is April 11th, 2013 at 7:00 p.m.
