2.0 **Presentation:**

2.1 – Cajalco Widening Project- Mary Zambon

The county has identified Alternative 1 as the community preferred widening plan. Alternative 1 it follows Cajalco Road currently as it is today. Cajalco would be widened from 2-4 lanes and in some areas, it would be widened from 2- 6 lanes in the Temescal Valley area. Lighting will be at intersections, there will be some K-rail, and raised concrete medians, wildlife crossings Alternative 1 is considering the best option for the widening of Cajalco, because it will fix the areas of concern with regards to safety and accident-prone areas. Also, it will have the smallest impact on environmental concerns with regards to Lake Mathews and sensitive plant and animal habitats. The environmental process is expected to take at least 2 years. The project is about 10 years out.

3.0 **Public Comment:** The Metal Woodcrest located near Ridgeway and Van Buren was stolen on January 22.
